DECLARATION OF ANDREW B. CHEN UNDER 37 C.F.R. § 1.68

I, ANDREW B. CHEN, hereby declare under penalty of perjury as follows:

1. I am an Attorney at the law firm of Steptoe & Johnson LLP in Los Angeles, California, and represent Bally Gaming, Inc., located in Las Vegas, Nevada. I am competent to testify as to the matters set forth herein, and I will so testify if called upon to do so. I make this Declaration in support of the Request for Reconsideration of Petition Under 37 C.F.R. 1.181.
2. I have held my position representing Bally Gaming, Inc. for over four (4) years. Among other duties, my responsibilities include the filing and prosecution of Bally Gaming, Inc.'s patent cases before the U.S. Patent and Trademark Office.
3. After a search of the file jacket and the docket records, I submit that the Letters Patent for U.S. Patent No. 7,523,156 was not received at the office of Steptoe & Johnson LLP.
4. Attached as Exhibits A and B are computer printouts from our docketing system showing that we never received the Letters Patent for U.S. Patent No. 7,481,707 that was mailed on January 27, 2009.

5. Exhibit A shows a Due Date column which is the date in which an activity is anticipated to occur (e.g., receiving a Letters patent) and the Date Taken column refers to the date in which the Due Date is acknowledged because the Action item was completed or postponed to another date for further reminders. In the circled section of Exhibit A, the "Letters Patent rec'd" Action item was docketed as being due on February 3, 2009. Since the Letters Patent was not received, this same action date is moved ahead and continues to appear until the task is completed and cleared.

6. Exhibit B illustrates the same information as Exhibit A, but the information in Exhibit B is organized by case number. As an example, for matter 83336.1031, the Letters Patent rec'd action item was docketed as being due on March 10, 2009. The Letters Patent was received on March 9, 2009, which was appropriately docketed, and additional action items were triggered such as Proof Read Patent Doc, Fwd Letters Patent to Client, and Client Acknowledged Rcpt of Letters Patent.

7. Since we never received the Letters Patent for U.S. Patent No. 7,481,707 that was mailed on January 27, 2009, this task was never cleared from our docketing system and monthly reminders are generated by the docketing system until the task is cleared as shown in Exhibit B.

All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true. These statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and willful, false statements may jeopardize the validity of the application or any patent issuing thereon.

Executed on September 14, 2009, at Los Angeles, California.
